More Ghost Towns of Texas reviewBy MrGGSame comments as the original book, Ghost Towns of Texas; this is also clearly written; nice detailed map with the article; also, just wished the number reference in front with the map was also shown with the detail article; overall, this type book makes one want to make more Ghost Town trips.0 of 0 people found the following review helpful. More Ghost Towns to VisitBy PaulAn excellent book that lays out the history and location of ghost towns around Texas. Lots of fun.

There is something romantic yet harshly concrete about an abandoned town. Dreams, conflicts, and losses still haunt what remains, so its no wonder we call these locales ghost towns. A companion volume to his Ghost Towns of Texas, T. Lindsay Bakers More Ghost Towns of Texas provides readers with histories, maps, and detailed directions to the most interesting ghost towns in Texas not already covered in the first volume. The ninety-four towns described in this book range from American Indian sites abandoned prior to the arrival of Europeans to towns abandoned within the past decade. Bakers own recent photographs of the towns are complemented by historic photographs of more prosperous times. Many of these locations have never before appeared in any ghost town guide. Based on hundreds of miles of travel and fieldwork in abandoned towns all across Texas, More Ghost Towns of Texas lists sites throughout the state so that people from anywhere in the state can reach a ghost town in a days trip.

About the AuthorT. Lindsay Baker, who holds the W. K. Gordon Chair in Industrial History at Tarleton State University, Stephenville, Texas, is Director of the W. K. Gordon Center for Industrial History, Thurber, Texas, and editor of the Windmiller's Gazette.
