National Geographic Maps - Adventure : Morocco (National Geographic Adventure Map) before purchasing it in order to gage whether or not it would be worth my time, and all praised Morocco (National Geographic Adventure Map):

1 of 1 people found the following review helpful. like an old picture adhering to glassBy Jennifer GuerreroThe map itself is lovely. The problem is that the very bottom of it sticks to the base of the tube, like an old picture adhering to glass, so it's impossible to get it out without tearing the bottom.0 of 0 people found the following review helpful. DisappointedBy SAtravelerPurchased for my daughter and son-in-law, it wasn't what I was expecting. Disappointed, it looks like just an ordinary map.3 of 3 people found the following review helpful. Texas Our TexasBy Mackenzie MullinsThis is an awesome map. Even my hometown of San Angelo is on here. It is hard to find a frame for since it is an odd shape, but the quality of the map itself is awesome. It looks pretty snazzy hanging on my wall. The letters are large enough to read but not so large it is distracting. The color scheme makes it look like something you'd see in a library, not an elementary classroom.

Waterproof Tear-Resistant Travel MapNational Geographics Morocco Adventure Map provides global travelers with the perfect combination of detail and perspective, highlighting hundreds of points of interest and the unique and exotic destinations within the country. This expertly crafted map includes the locations of thousands of cities and towns with an index for easily locating them, plus a clearly marked road network complete with distances and designations for motorways, dual carriageways, major roadways, scenic routes, and more. In addition to typical sites of interest such as World Heritage sites, national parks, mosques, churches, and archeological sites, this map includes Moroccos many casbahs, and marabouts, making it invaluable to travelers hoping to experience the countrys rich history and culture. Beaches, yachting harbors, and areas popular for fishing and surfing dot Moroccos extensive Mediterranean and Atlantic coastlines. Other recreational destinations such as ski resorts, golf courses, spas, caves, and oases are included as well.Moroccos northern half is shown on the front side of the print map and includes the cities of Tangier, Tetouan, Fez, Rabat, Casablanca, and Marrakesh. The reverse side of the map covers the southern portion of the country and includes a large inset map of Western Sahara. The Kingdom of Morocco is a part of the Maghreb region of North Africa that includes Tunisia, Algeria, Mauritania, and Libya with which it shares historical, cultural, and linguistic ties. Primarily a nation of farmers, the country is dominated by the Atlas Mountains that separate the fertile coastal regions from the harsh Sahara. These high, rugged mountains helped protect Morocco from colonization until the early 20th century when the French and Spanish brought their influence to the Islamic region. Every Adventure Map is printed on durable synthetic paper, making them waterproof, tear-resistant and tough capable of withstanding the rigors of international travel.Map Scale = 1:1,000,000Sheet Size = 37.75" x 25.5"Folded Size = 4.25" x 9.25"

About the AuthorFounded in 1915 as the Cartographic Group, the first division of National Geographic, National Geographic Maps has been responsible for illustrating the world around us through the art and science of mapmaking.Today, National Geographic Maps continues this mission by creating the world's best wall maps, recreation maps, atlases, and globes which inspire people to care about and explore their world.
