The Grey GhostBy Old Tain ManI gave this as a gift to a very avid reader of John Mosby. I have traveled the area extensively where Mosby's Confederacy was located and now actually marked as such. This book gives great historical insight into Mosby's Confederacy and the his operations during the war. A must read for Mosby fans! An outstanding resource, especially for those who live in Northern Virginia

This book guides the reader through Mosby's battles and his early years. As some of Mosby's trails erode and buildings he used come down, many of the photographs can never be retaken. Includes both long and short tours the reader can take.
