National Geographic Maps - Trails Illustrated : Mount Dutton, Aquarius Plateau (National Geographic Trails Illustrated Map) before purchasing it in order to gage whether or not it would be worth my time, and all praised Mount Dutton, Aquarius Plateau (National Geographic Trails Illustrated Map):

2 of 2 people found the following review helpful. Map riddled with errorsBy MelsmanThis map is fairly useless. Although it does depict correctly many of the official trails in the area (such as the upper Fremont), it incorrectly displays - and often completely omits - many important trails (i.e. Barney Cove trail in Casto Canyon). Not recommended. Use the Powell Ranger District USFS map instead.0 of 0 people found the following review helpful. Four StarsBy Ron B.These maps are good quality and finish. Bought this here as National Geogrp hic didn't stock this one anymore.0 of 0 people found the following review helpful. Good mapBy GWHusband planned his Father's Day trail ride with this. Everything he needed to know.

Waterproof Tear-Resistant Topographic MapThis map covers the spectacularly scenic stretch in southern Utah of the Powell and Escalante Ranger Districts of Dixie National Forestfrom Bicknell Bottom State Wildlife Area in the Northwest to the town of Panguitch in the Southwest. Key features are the Great Western Trail, a corridor of braided trails that form the backbone of Utah's trail system, and the Fremont OHV Trail, with diverse terrain and scenery. The map also shows Red Canyon Recreation Areawhere campers can explore the Red Canyon Rim Trail and canoe and fish at Greens Lakeand Box-Death Hollow Wilderness (aptly named referring to livestock that plunged to their death crossing the steep canyon), where visitors marvel at the vertical, orange, sandstone walls cut by tributaries of the Escalante River. Another attraction featured is Otter Creek State Park, a great getaway for birders (during spring and fall migrations), ATV riders, and boaters. Trout fishing is popular in the high alpine Otter Creek Reservoir. The dramatic dinosaur-backed Escalante Mountains and the majestic Aquarius Plateau, the highest in North America, are also mapped.This area offers diverse outdoor recreation including hiking, camping, OHV, canyoneering, bicycling, fishing, hunting, climbing, and scenic driving.Every Trails Illustrated map is printed on "Backcountry Tough" waterproof, tear-resistant paper. A full UTM grid is printed on the map to aid with GPS navigation.Other features found on this map include: Black Butte, Bryce Canyon National Park, Dixie National Forest, Paunsaugunt Plateau, Pink Cliffs, Sevier Plateau.Map Scale = 1:75,000Sheet Size = 25" x 37"Folded Size = 4.25" x 9.25"

About the AuthorFounded in 1915 as the Cartographic Group, the first division of National Geographic, National Geographic Maps has been responsible for illustrating the world around us through the art and science of mapmaking.Today, National Geographic Maps continues this mission by creating the world's best wall maps, recreation maps, atlases, and globes which inspire people to care about and explore their world.
