**National Geographic Maps - Trails Illustrated : Mount Rogers High Country (National Geographic Trails Illustrated Map)** before purchasing it in order to gauge whether or not it would be worth my time, and all praised Mount Rogers High Country (National Geographic Trails Illustrated Map):

1 of 1 people found the following review helpful. Great Map - Field tested By David Eck I had to use this map in the rain for an entire day on a hike on the ATC. If I had printed a map out on my computer, I might still be wandering the mountains, as a home-printed map would have fallen apart in the rain. It's accurate and easy to use. I won't go into the mountains without one of these maps. 1 of 1 people found the following review helpful. Love this map By Tredeger Love this map. It has everything you could want. Topo lines, trail markings, trail use indicators, open and forested areas indicated, notes, trail mileage markers, declination, etc...this is an excellent map. This area has so many trails that a map is essential. I met so many people on the trails that got so confused because they didn't have a map with them, some wasting so much time because they went the wrong way! They all were impressed with the quality of this map, both with the printed elements as well as their physical durability. 0 of 0 people found the following review helpful. Good map. By Icarus747 Great map for Greyson Highlands and surrounding area including Appalachian Trail. Water point markers are a great help.

Waterproof Tear-Resistant Topographic Map National Geographic's Trails Illustrated map of Mount Rogers High Country and Grayson Highlands State Park, Southwest Virginia, is a two-sided, waterproof, topographic trail map designed to meet the needs of outdoor enthusiasts with unmatched durability and detail. This map was created in cooperation with local land management agencies and is loaded with valuable recreation information for exploring the area's large rock formations, spruce-fir forests, and the highest peak in Virginia. Trails and major roads, including the Appalachian Trail, the Virginia Creeper Trail, and the Virginia Highland Horse Trail, are clearly distinguished. Places of interest include areas for camping, picnicking, fishing, hiking, mountain biking, horseback riding, and cross-country skiing. Boundaries for park lands, wilderness, and protected areas are color coded and easy to discern. The area's unique terrain is the map's core feature, with detailed elevation contours, shaded relief, vegetation, and water features. Side one features the west side of Mount Rogers, including the Cherokee National Forest and the Beartree Recreation Area. Insets chart the Appalachian Trail profile and list trail ratings, locations, and uses. On the reverse, you'll find the east side of Mount Rogers, including Lewis Fork Wilderness, Little Wilson Creek Wilderness, and the Raccoon Branch Wilderness. Insets list activities available at each of the camps, as well as wilderness area information. The Mount Rogers High Country map is designed and printed in the United States on durable synthetic paper, making it waterproof, tear-resistant, and trail tough -- capable of going anywhere you do. The map is two-sided, and is folded to a packable size of 4.25" x 9.25"; unfolded size is 26" x 38". Key Features: Waterproof and tear-resistant Updated regularly Designed and printed in the U.S.A. Detailed road network, including designations for off-highway roads Clearly marked trails for hiking, biking, horseback riding, and more Detailed topography with shaded relief and clearly defined, color-coded boundaries for parks, recreation areas, and wilderness areas. Hundreds of places-of-interest, including campgrounds, information centers, trailheads, viewpoints, boat launches, fishing access points, waterfalls, and specialty content unique to each area UTM and Latitude/Longitude coordinate grid, as well as selected waypoints, and a scale bar for easy and accurate navigation. All National Geographic trail maps contain helpful information on local regulations, safety, important contact information, and park interpretive content. Net proceeds from the sale of this map go to support the nonprofit mission of the National Geographic Society. Folded Size = 4.25 x 9.25 Sheet Size = 37.75 x 25.5 Scale = 1:35,000

About the Author Founded in 1915 as the Cartographic Group, the first division of the National Geographic Society, National Geographic Maps has been responsible for illustrating the world around us through the art and science of mapmaking. Today, National Geographic Maps continues this mission by creating the world's best wall maps, recreation maps, atlases, and globes which inspire people to care about and explore their world. All proceeds from the sale of National Geographic maps go to support the Society's non-profit mission to increase global understanding and promote conservation of our planet through exploration, research, and education.
