Christopher MacKinnon : Mountain Biking in New Jersey: 37 Off-Road Rides in the Garden State (Quick reference guide) before purchasing it in order to gage whether or not it would be worth my time, and all praised Mountain Biking in New Jersey: 37 Off-Road Rides in the Garden State (Quick reference guide):

0 of 0 people found the following review helpful. greatBy Hector Felicianogood great rides i nj i found two within 20

minutes from my house i would trave about two hours to ride now it takes me 18 minutes0 of 1 people found the following review helpful. Very good reference guideBy Cust8e0Very good reference book. We pick a trail then plan a long morning ride in advance. I was not aware of so many places to ride within a reasonable driving distance.2 of 2 people found the following review helpful. Great Fine!By P. DurskiI ordered this book on a whim (I don't know him but the author is from my hometown). Very nicley done, accurate on trail ratings. Maps give a good direction of where to go on road as well as on trail. You may need a road map for more direction. Trail maps give a pretty good idea of what's available and/or direction to start off. Not as accurate as running into some locals but how can u beat that! I've been to approximately 6 or 7 parks mentioned . Recently I rode six mile run. Great find. Most of my riding buds never heard of it. (A nice thing about this book. There's trails that aren't in some of the other mtn biking books). Many little loops off of the 2 trails mentioned. Moderate terrain true to form w/ lots of technical, if you want it. Several switchback crossings over water. Better to ride on a warm day. You will get wet! Oh well you know what they say "Dirt is good!"

The ultimate guide to mountain biking in a small state with a surprising number of great off-road cycling destinations. This book presents 37 of the best of these rides, from the nearly level rail trail beside the Delaware River to the challenging singletrack of the Round Valley Recreation Area. Each ride is accompanied by descriptive text and a detailed map containing all the information cyclists need to enjoy the ride. The map pages can be removed from the book and slipped into a standard bicycling map holder.

About the AuthorChristopher MacKinnon is a resident of Wall Twp., NJ, who enjoys both road and mountain biking and has completed several century rides. His passion for finding new places to cycle has taken him all over the Garden State, and his enthusiasm for sharing his discoveries led to this book. He put his experience as a professional illustrator and graphic artist to good use in creating the maps that detail each route.
