I love Pin Trading, hope there are lots of hints.Thanks so much!!2 of 2 people found the following review helpful. The One-stop Fun-stop for Disney Pins!By TheresaTReference books are supposed to be boring. As long as you get your information, the author usually doesn't care if they entertain you or catch your attention. NOT SO with this wonderful book about the incredible world of collecting Disney Pins. My family has been one huge "Disneyphile" group for a very long time. We started collecting Disney Pins the first time we ever saw them in the parks. The big stumbling block for us has always been finding a place that would give us all the information we needed to know which pins went with which other pins, where to find them, how to trade them...etc...This wonderful book by the Edgar and Shilensky families gives us all that and more. Chock full of useful info alongside delightful stories about experiences they had while trading pins, this little reference is a must-have for anyone interested in the hottest hobby to hit Disney parks in many a year! Complete with pictures of the pins themselves, the guide covers everything from the history of Disney pin trading to the etiquette expected when you trade with others. It even tells you how to avoid getting "scrappers". I highly recommend this book to anyone who trades Disney Pins or for anyone even thinking about doing it. It will definitely travel with us everytime we go to a Disney park from here on out!0 of 0 people found the following review helpful. Awesome Reference!By Kay SchlumpfAfter my first trip to Disney in over 20 years, I found myself headed home with lots and lots of pins. I couldn't stop buying them! I actually saw a child trading with a cast member and wondered what that was all about...little did I know there was a whole world of Disney pin trading out there! Once home, I started researching my new collection and found the first edition of this book and the associated website. The first edition was great but the 2012 edition is SO much better! It is full of so much information, so many hints tips, and so many pin photos (all black white, so some pins don't print as nicely as others) that I can't wait to go back and actually TRADE for some pins instead of buying them all. This edition has a lot more photos, updated Hidden Mickey pin lists (ones you can only get by trading), updated suggestions on where to get pins online, suggestions on how to keep yourself organized while trading, a thorough run-down of types of pins produced, and the A-Z on trading tips. If you are thinking about going to Disney, I'd suggest you get this book because I bet you'll get hooked by all those shiny pins on the racks and will be crushed when you come home to find out, as I did, of the marvelous world of pin trading that could have really added an extra dimension to your trip! If you have the earlier edition, yes, you want this one too - trust me!

Expanded and all new for 2012! The Mouse Pin Trading Guide is your inside track to anything and everything you could want to know about Disney Pin Trading! This Guide is an essential tool for anyone who has ever traded or wanted to trade Disney pins and will earn a spot in your pin bag, right beside your favourite Disney pins. The book contains tons of tips , tricks and useful bits that will make your Disney Pin Trading experience an enjoyable one for everyone in your family. This guide literally covers the A-Z of Disney Pin Trading and walks you through everything from Where to Buy Your Pins to the Proper Way to Trade with Disney Cast Members. It even includes a full glossary of Disney Pin Trading Lingo and over 120 pages of Hidden Mickey Pin Checklists so you can keep track of the pins you have and the pins you need! Fully illustrated with 100s of actual Disney Pins, this book is as visually captivating as it is informative. The Mouse Pin Trading Tips tucked amongst the pages will save you a ton of time and a lot of money! This guide is a must have for anyone planning a Disney Vacation. Happy Trading!

About the AuthorThe Mouse Pin Trading team was formed from a mutual obsession in Disney Pin Trading. The fact that 2 families can get to know each other through trading Disney Pins, reach the conclusion that there was not enough information available for the new (or seasoned) pin trader, and write a book to remedy the situation speaks volumes to the social power of Disney Pin Trading. The Edgar family has been trading Disney Pins in Walt Disney World and Disneyland for over 9 years, with multiple visits to Disney Parks in most of those. Pin trading has become the center point of our Disney vacations and each pin in our collection brings us back to who we met and where we were when we traded each pin. Not living close to the parks meant that we had to be better prepared and better informed than most pin traders to get the most of our time at Disney. We have met some amazing people through Disney Pin Trading and we thought it was time to share the experince with everyone. Together with the Shilensky family, we have put together every nuance, tip and trick we have learned about Disney Pin Trading. We hope that this amazing hobby becomes a touch point for your family vacation memories like it has for ours.
