Don't this book...find an Austinite guideBy AmandaAs a native Austinite, I purchased this book for my guests. I returned the book. It reads like a poorly written school report drawn from Wikipedia. No, seriously most of the references listed are from Wikepdia. the best neighborhoods, the resturants, are well out of reach of many Austinites. It feels like an assortment of advertisements. I'll keep looking for a good resource for my guests.
