Good info - but need hyperlinks!By KatelynPotentially moving to Charleston in a few months and really appreciated the background. In

everything I read - no one mentioned flood insurance! It would be nice to include sections on diversity, specifically LGBTQ living. Coming from a big, inclusive city, this would be helpful! The other piece I feel I'm missing is the book seems to be hyperlinked, but I didn't get a live version so I can't get those addresses? Did my book not come with that option? 1 of 1 people found the following review helpful. Just ok By Brittany The information appeared good, but it was a small, small book. Not worth twenty bucks in my opinion. We ended up sending it back.
