Excellent Guide By Deborah Denise Dawsey I live in Charlotte (moved here from Orlando) and LOVE IT... just like I love this book! I purchased it as a gift for a family friend who plans to move to Charlotte next year. They were so pleased! It gives you all of the information you

need to know in an interesting, pragmatic way. It's good to read straight through, but it's also organized in a way that makes it easy to use as a reference guide as well. This book has beautiful color photos throughout, which I love. I enjoyed it so much that I bought a copy for myself as well. I learned a bunch of new things about my own city! It's nice to have on the coffee table when family/friends are in town for a visit. If you are considering a move to Charlotte, or are new to Charlotte, I highly recommend it (or it makes an excellent gift)! 3 of 3 people found the following review helpful. Good insight on neighborhoods within the city By LaurenCC103 I'm currently planning my move to Charlotte from Los Angeles and the section on neighborhoods has been really helpful. It looks like it was meant to be read online rather than in print since some text is underlined and blue but you can't tell what it was supposed to link to. Despite that small issue, it's still a great book to use in addition to other resources for anyone unfamiliar with the city or anyone planning a move from a distance. 2 of 2 people found the following review helpful. so this was a great purchase. There was nothing in our local bookstore ... By MemphisBelle My nephew moved to Charlotte, so this was a great purchase.

From the Author I am the eighth generation of my family to live in our area and have always been a local history buff. For six years, I was a journalist covering cops, courts, government and business in Charlotte-Mecklenburg. Then, I worked in Mecklenburg County government before moving into advertising and PR. I spent 10 years on the North Carolina tourism PR account, learning everything I could about my home state and city. Combine all those experiences and I feel that I was made to write this book. I hope you like Moving To Charlotte: The Un-Tourist Guide. I'd love to hear from you on how we can improve the next edition.
