Richard M. Lee : Mr. Lincoln's City: An Illustrated Guide to the Civil War Sites of Washington before purchasing it in order to gage whether or not it would be worth my time, and all praised Mr. Lincoln's City: An Illustrated Guide to the Civil War Sites of Washington:

1 of 1 people found the following review helpful. Historical perspectiveBy CustomerFor those folks who want to see what DC looked like during the Civil War along with a short history of those locations, this is the book for you. While much of the old city has been replaced by newer buildings, it is interesting to see where certain events took place, and to see some that are still standing such as the Surratt boarding house and the National Theater where Tad Lincoln saw Alladin and the location of Swards home on the night he was attacked.1 of 1 people found the following review helpful. Great photosBy BarbmomI am a Mary Lincoln presenter and wanted to get a feel for Washington City during the war. The photos in this book are wonderful with great detail and explanations.1 of 1 people found the following

review helpful. must have
By Merle V. Linsenbigler
very informative. I just need to see D.C. with this book. 9 more words required for what reason? see you when you get a better system!

This guide to 80 sites in the capital uses wartime photos and drawings to evoke life in the city between 1861 and 1865. Readers can foray back in time while enjoying a modern, thriving city at the same time.
